Soft Tissue Sarcoma: a Clinical Update

Dear Colleagues,

It is with great pleasure that we invite you to participate in this very exciting conference on 'Soft Tissue Sarcoma: a Clinical Update' on Wednesday 8th July 2015, at the Royal Marsden Education and Conference Centre, London. The aim of the conference is to provide a state of the art review of multidisciplinary sarcoma care with emphasis on what is new, clinically relevant and indeed controversial in the management of sarcoma.

Topics to include a review of sarcoma biology, imaging developments in diagnosis and response assessment, surgery of retroperitoneal sarcomas, management of gynaecological sarcomas and a clinical trials update. We hope to stimulate in-depth discussions on each topic with ample opportunity to ask questions and to express your own views.

The meeting is open to all health care professionals with an interest in sarcoma.

We hope you will be able to join us for this meeting.
