

## AGENDA

### SACRO PELVIC TUMOR STUDY GROUP MEETING DUBLIN 2018

MAY 31

#### DAY 1 Session 1: Pathology, and the Role of Immunotherapy, Systemic Therapies

Moderators: Drs Shreyas Patel, Adrienne Flanagan and Meera Hameed

8:30-9:00	Registration of Guests, and Arrival Refreshments	
9:00- 9:10	Welcome to RCSI	Professor John Hyland President of RCSI
9:10-9:15	Opening Remarks	Patrick Boland
9:15-9:30	Benign Notochordal Tumour vs Chordoma - Pathology	Carrie Inwards
9:30-9:45	Benign Notochordal Tumour vs Chordoma - Radiology	Paul O'Donnell
9:45-9:50	Discussion and Comments led by Eric Lis	
9:50-10:15	Chordoma – Role of Epigenetics	Meera Hameed
10:15-10:40	Chordoma – Recent Advances in Molecular Biology or Chordoma – Past, Present and Future	Adrienne Flanagan
10:40-10:50	Viruses and Chordoma	Francis Hornicek
10:50-11:00	Discussion led by Billy Hall	
11:00-11:30	Coffee Break and View Exhibitions	
11:30-12:00	Chordoma – Therapeutics: An Oncologist's Perspective	Mrinal Gounder
12:00-12:30	Update on Randomized, Double-Blind Phase 2 Trial of Yeast Brachyury Vaccine vs Placebo	Deric Park
12:30-1:00	Discussion led by Joseph Schwab	
1:00-2:00	Buffet Lunch and View Exhibitions	

**DAY 1 Session 2: The Role of Radiotherapy in the Management of Sacral Chordomas**

**Case Based Discussions – each speaker will introduce the topic with at least one case**

**Moderators: Drs. Tom DeLaney and Peter Rose**

2:00-2:10	Does Preoperative Radiation Therapy Affect Wound Complications and Recurrence	Nina Gutowski
2:10-2:20	A Comparison of Outcome of Treatment Paradigms for Sacral Chordoma: Does Preoperative Radiation Improve Prognosis?	Matt Houdek
2:20-2:30	Management of Locally Advanced and Recurrent Chordoma	Francis Hornicek
2:30-2:45	Re-irradiation and Salvage Radiation Therapy for Recurrent Chordomas	Josh Yamada
2:45-3:00	Long term Complications of Radiation Therapy for Sacral Tumors	Ivy Peterson
3:00-3:30	Discussion	
3:30-3:45	Break/Coffee/Tea/Refreshments	
3:45-4:15	Management of Sacral Tumors in Beijing	Wei Guo

**Debate: Moderators: Drs. Josh Yamada and Patrick Boland**

4:15-5:00	Radiotherapy is Important in the Management of Sacral Chordomas	Tom DeLaney
5:00-5:30	Radiotherapy Can Be Omitted in the Management of Sacral Chordomas	Frank Sim
5:30 – 6:00	Discussion	

**JUNE 1**

**DAY 2 Session 1: KEYNOTE PRESENTATION: Carbon Ion Therapy for Sacral Tumors**

8:30- 9:00	Arrival Refreshments	
9:00- 9:05	Alfred Miller Lecture Introduction	Patrick J. Boland
9:05-9:50	Alfred Miller Lecture: Carbon Ion Therapy for Sacral Chordomas	Reiko Imai
9:50-10:00	Presentation of the Alfred Miller Medal	Elizabeth Miller
10:00-10:30	Integrating Surgery and Carbon Ion Therapy in the Management of Sacral Chordomas	Peter Varga
10:30-10:45	Discussion	
10:45-11:00	Refreshments/Break	

**DAY 2 Session 2: Defining the Role of Radiation Therapy in the Management of Chordomas**

**Moderator: Dr. Jay Wunder**

11:00-11:30	Sacral Chordoma Protocol SACRO Observational Study on Surgery versus Definitive Radiation Therapy in Primary Localized Disease	Stefano Radaelli
11:30-1:00	Protocol discussion: Drs DeLaney, Yamada, Healey and General Audience	
1:00-1:30	Lunch	

**DAY 2 Session 3: Sacral Pelvic Surgery in the Treatment of Advanced Recurrent Colorectal Cancer**

**Moderators: Drs. Martin Weiser, Garrett Nash and John Healey**

1:30-1:45	Our Experiences at Memorial Sloan Kettering	Patrick Boland
1:45-2:00	Our Experiences at Royal Prince Alfred Hospital	Michael Solomon
2:00-2:15	The Idea of Pelvic Tumor Resectability	Francis Hornicek
2:15-2:40	Discussion	
2:40-3:10	Bowel Dysfunction Following Sacrectomy: Problems and Solutions	Liliana Bourdeianou
3:10-3:30	Soft tissue reconstruction following sacro-pelvic tumor surgery	Anne O'Neill
3:30- 4:00	Bony reconstruction following sacro-pelvic tumor surgery	Michael Yaszemski
4:00-5:00	Comments/Questions/ Discussion	

---

7:00            **Reception – Gala Dinner**
